Are you now, or have you ever been, a union member? If yes, when, where and what union were you affiliated with?	Yes. Communication Workers of America, Denver, 1977-1984
What would be your priorities as an elected official? What policies or coalitions do you see yourself leading?	Access to affordable housing Redevelopment of retail and vacant real estate Sustainable growth
Of the policies and coalitions that you have prioritized, where do you see Labor being a key stakeholder and how do you plan to engage us on these issues?	Redevelopment will create trade jobs
For non-City of Boulder candidates: City employees, who provide critical public services, lack the rights that most take for granted: the right to form a union and negotiate wages, benefits, and working conditions with their employer. They do not automatically have the right to collectively bargain. How would you address this issue?	I listen to Broomfield staff in the event that they desired to unionize.
In your first term, would you work with BALC to sponsor a policy granting collective bargaining rights to city employees?	No, at this time I would remain neutral
Privatization of public services can reduce city expenditures, but often result in poorer quality services and lower wages for service employees. Under what circumstances would you advocate against the privatization of public services? If so, what tangible steps would you take to prevent this from happening?	There are no services that are provided by Broomfield staff that I support privatizing.

Would you support the Use of Best Value metrics, as opposed to lowest responsible bidder for vendors supplying the City with goods or services?

Lowest bid along is not sufficient for determining the best option. I support a best value system for assuring that Broomfield receives value.

Would you support creation of a Local Minimum Wage by CityCouncil?

I support a state-wide minimum wage.

Would you support licensing requirements for marijuana and hemp retail and grows that encourages high labor standards and favorable treatment of union shops?

Broomfield does not allow marijuana retail.

Would you support a state-wide employee paid family leave policy?

I would have to see the details.

Your city has an affordable housing crisis. What steps would take to address this problem?

I support the Broomfield Housing Authority plans.

Why do you believe it is in the best interests of the BALC and its members to endorse your candidacy?

My approach to problem solving is to listen to the folks who are impacted, to understand the issues and options for resolution, and to seek out the best solution. This approach is how representative government works best.
